

## April Luncheon - The Marshall Plan for Norway

It was only 64 years ago that the world experienced a total war. Many of our members lived through it, and certainly we all have been affected by it directly or indirectly.

One decision that was made in those post war days was to make a major investment in rebuilding the infrastructure of Europe. By the time it was completed, the economies of the participating countries had grown well past the prewar levels. Norway was no exception. An estimated \$250 million in grants and loans was given to Norway alone between 1947 and 1952; the highest per capita aid given in the plan. That is almost \$2.5 billion is today's dollars.

For this meeting, the Chicago Torske Klub is pleased to present a video describing the Marshall Plan for Norway. We had previously announced the speaker as John Lund, CEO of the Sons of Norway. John had to send his regrets for this meeting, owing to a long term illness.

## March saw Adolph "Bud" Herseth, the CSO, Father/Son/Daughter Day

Our program for March was Adolph "Bud" Herseth, a Norwegian American who was the lead trumpet in the Chicago Symphony Orchestra from 1948—2004. He spoke of his world wide experiences at the CSO at a well attended Father/Son/Daughter day. Thanks to the Hon. Perry Gulbrandsen who placed the winning bid on the rosemaling plaque auction, and to Carl Eglund for his creation and donation.

## New Cod Benefits Found

We have known the health benefits of eating torsk for years: low cholesterol, omega 3 fatty acids, vitamins A and D and such. Scientists have just uncovered other facts about a cod rich diet:

- Golf scores declined an average of three strokes when golfers ate cod. Lutfisk, however, raised scores by 3 strokes.
- Put away your Viagra, cod may be a better treatment. How to apply the cod is unclear however.
- People who ate cod tended to have a better disposition in cold weather. That explains Minnesota.
- If you enjoy cod, you are statistically more likely to enjoy aquavit.

And have a Happy April Fools Day.

## We do get Letters...

While the last newsletter was published with the story of Fridtjof Nansen, we received a couple of letters. One was from our own member Thor Torger, who noticed the misspelling of Fridtjof's name (thanks). One from Roger Elmer Jr. who offered his Nansen book for a read (double thanks). A third was from the great grand niece of Fridtjof Nansen; Kari Nansen, who lives in San Diego. She wrote "I am sending you [a] photo of FN, Alex [her grandfather], and another man, identified as Mr. Ancker on the same hunting trip [with King

Three men on the right are "Mr. Ancker", King Haakon and Alex Nansen, Fridtjof's brother. Photo believed taken by Fridtjof Nansen during the same hunting trip. Other men are unknown.

Haakon]. You can see the difference between FN, a world champion athlete, and Alex, a lawyer, in the photos as older men. They were very close throughout their lives. My [great grandfather] did a lot of fund raising and lobbying for FN."

It's not surprising that Fridtjof Nansen was a close friend of King Haakon, since he was influential in convincing him to take the post of Norway's king in the new Norwegian monarchy in 1905.
